

Is your home FireSmart?

Port Moody Fire Rescue is offering free FireSmart home assessments.

A certified FireSmart PMFR member will help identify wildfire hazards around your property, and suggest actions to reduce the risk of damage. Port Moody residents, community associations, and strata properties can request an assessment free of charge.

Those who complete the suggested actions can receive a grant for 50% of expenses incurred, to a maximum of \$500 per application/address.

Book your assessment today!
